

GROUP 15 PRESENTS:

SOUNDSEARCH

A WAY TO FIND MUSIC FROM YOUR
FAVORITE ARTIST!

1. SELECT AN ARTIST THAT FITS YOUR MOOD

The app will utilize
the iTunes API to
retrieve their album
discography

2. CHOOSE THE ALBUM OF YOUR PREFERENCE

SoundSearch will
retrieve the track title,
track number, and
whether the track is
clean or explicit

3. PICK THE SONG OF YOUR CHOICE

Enjoy it on your
favorite platform!

SoundSearch allows students to search for specific artists discography. By using the program, students are able to discover new tracks that may fit their specific mood/activity. This can include activities such as studying, partying with friends, or simply trying to fall asleep

SIMPLE, SAFE, SOUND
